Re: UTK IRB-18-04273-FB  
Study Title: The Roles Of Attention, Awareness, And Memory In Evaluative Conditioning study disguised as "Surveillance and Reaction Time study"

Dear: Katie Fritzlen

The UTK Institutional Review Board (IRB) reviewed your application to **continue** your previously approved project, referenced above. It has determined that your application is eligible for **expedited** review under 45 CFR 46.110(b)(1) Category 8(c): continuing review of research where the remaining research activities are limited to data analysis. The IRB reviewed your renewal application and determined that it does comply with proper consideration for the rights and welfare of human subjects and the regulatory requirements for the protection of human subjects.

Therefore, this letter constitutes approval of your renewal application, and reinstatement of approval of your project. Approval of this study, which is closed to enrollment, will be valid from September 06, 2019 to 07/17/2020.

Any revisions in the approved application must also be submitted to and approved by the IRB prior to implementation. In addition, you are responsible for reporting any unanticipated serious adverse events or other problems involving risks to subject or others in the manner required by the local IRB policy.

Finally, **re-approval** of your project is required by the IRB in accord with the conditions specified above. You may not continue the research study beyond the time or other limits specified unless you obtain prior written approval of the IRB.

Sincerely,

**Colleen P. Gilrane, Ph.D.**
